## CONDITIONS

### 1. SUBJECT TO FINANCE

If the Buyer signs the 'Finance Clause is not Applicable' box in the Schedule, or if no information is completed in the 'Finance Clause is Applicable' box in the Schedule, then this Clause 1 does not apply to the Contract.  
If any information is completed in the 'Finance Clause is Applicable' box in the Schedule then this Clause 1 applies to the Contract.

#### 1.1 Buyer's Obligation to Apply for Finance and Give Notice to the Seller

- (a) The Buyer must:
- (1) immediately after the Contract Date make a Finance Application to the Lender using, if required by the Lender, the Property as security; and
  - (2) use all best endeavours in good faith to obtain Finance Approval.
- (b) If the Buyer does not comply with Clause 1.1(a) or 1.1(c)(1) then the Contract will not come to an end under Clause 1.2 and the Buyer may not terminate the Contract under Clause 1.3. The rights of the Seller under this Clause 1.1 will not be affected if the Buyer does not comply with Clause 1.1.
- (c) The Buyer must immediately give to the Seller or Seller Agent:
- (1) an Approval Notice if the Buyer obtains Finance Approval; or
  - (2) a Non Approval Notice if the Finance Application is rejected;

#### 1.2 No Finance Approval by the Latest Time: Non Approval Notice Given

This Contract will come to an end without further action by either Party if on or before the Latest Time:

- (a) written Finance Approval has not been obtained or the Finance Application has been rejected; and
- (b) the Buyer gives a Non Approval Notice to the Seller or Seller Agent.

#### 1.3 No Finance Approval by the Latest Time: No Notice Given

If by the Latest Time:

- (a) the Buyer has not given an Approval Notice to the Seller or Seller Agent; and
- (b) the Buyer has not given a Non Approval Notice to the Seller or Seller Agent,
- then this Contract will be in full force and effect unless and until either the Seller gives written Notice of termination to the Buyer or the Buyer terminates this Contract by giving a Non-Approval Notice to the Seller or Seller Agent.

#### 1.4 Finance Approval: Approval Notice Given

If by the Latest Time, or if Clause 1.5 applies, before the Contract is terminated:

- (a) Finance Approval has been obtained; and
- (b) the Buyer has given an Approval Notice to the Seller or Seller Agent;
- then this Clause 1 is satisfied and this Contract is in full force and effect.

#### 1.5 Notice Not Given by Latest Time: Seller's Right to Terminate

If by the Latest Time the Buyer has not given an Approval Notice or a Non Approval Notice to the Seller or Seller Agent then at any time until an Approval Notice or a Non Approval Notice is given, the Seller may terminate this Contract by written Notice to the Buyer.

#### 1.6 Buyer Must Keep Seller Informed: Evidence

- (a) If requested in writing by the Seller or Seller Agent the Buyer must:
- (1) advise the Seller or Seller Agent of the progress of the Finance Application; and
  - (2) provide evidence in writing of the making of a Finance Application in accordance with Clause 1.1 (a) and of any loan offer made, or any rejection; and
  - (3) if applicable, advise the Seller or Seller Agent of the reasons for the Buyer not accepting any loan offer.
- (b) If the Buyer does not comply with the request within 2 Business Days then the Buyer authorises the Seller or Seller Agent to obtain from the Lender the information referred to in Clause 1.6(a).

2. Acceptance of this offer will be sufficiently communicated to the Buyer if verbal or written notification is given by the Seller or Seller's Agent to the Buyer that the acceptance has been signed by the Seller.

3. The 2018 General Conditions are incorporated into this Contract so far as they are not varied by or inconsistent with the Conditions or Special Conditions of this Contract.

4. The parties consent to the information in this Contract being used/disclosed by REIWA and the Seller Agent in accordance with the privacy collection notices pursuant to the Australian Privacy Principles that appear on the REIWA and Seller Agent's websites.

### 1.7 Right To Terminate

If a Party has the right to terminate under this Clause 1, then:

- (a) termination must be effected by written Notice to the other Party;
- (b) Clauses 23 and 24 of the 2018 General Conditions do not apply to the right to terminate;
- (c) upon termination the Deposit and any other monies paid by the Buyer must be repaid to the Buyer;
- (d) upon termination neither Party will have any action or claim against the other for breach of this Contract, except for a breach of Clause 1.1 by the Buyer.

### 1.8 Waiver

The Buyer may waive this Clause 1 by giving written Notice to the Seller or Seller Agent at any time before the Latest Time, or if Clause 1.5 applies, before the Contract is terminated. If waived this Clause is deemed satisfied.

### 1.9 Definitions

In this Clause:

**Amount of Loan** means either the amount referred to in the Schedule or any lesser amount of finance referred to in the Finance Application. If the amount referred to in the Schedule is blank, then the amount will be an amount equivalent to the Purchase Price.

**Approval Notice** means a Notice in writing given by the Buyer or the Lender to the Seller, or Seller Agent to the effect that Finance Approval has been obtained.

**Finance Application** means an application made by or on behalf of the Buyer to the Lender to lend any monies payable under the Contract.

**Finance Approval** means:

- (a) a written approval by the Lender of the Finance Application or a written offer to lend or a written notification of an intention to offer to lend made by the Lender; and
- (b) for the Amount of Loan; and
- (c) which is unconditional or subject to terms and conditions:
- (1) which are the Lender's usual terms and conditions for finance of a nature similar to that applied for by the Buyer; or
  - (2) which the Buyer has accepted by written communication to the Lender, but a condition which is in the sole control of the Buyer to satisfy will be treated as having been accepted for the purposes of this definition; or
  - (3) which, if the condition is other than as referred to in paragraphs (1) and (2) above includes:
    - (i) an acceptable valuation of any property;
    - (ii) attaining a particular loan to value ratio;
    - (iii) the sale of another property; or
    - (iv) the obtaining of mortgage insurance; and
- and has in fact been satisfied.

**Latest Time** means:

- (a) the time and date referred to in the Schedule; or
- (b) if no date is nominated in the Schedule, then 4pm on the day falling 15 Business Days after the Contract Date.

**Lender** means:

- (a) the lender nominated in the Schedule; or
- (b) if no lender is nominated in the Schedule, any bank, building society, credit union or other institution which makes loans and in each case carries on business in Australia.

**Non Approval Notice** means a Notice in writing given by the Buyer or the Lender to the Seller, or Seller Agent to the effect that the Finance Application has been rejected or Finance Approval has not been obtained.

**ANNEXURE 'A' to OFFER and ACCEPTANCE  
(LOTS 50 to 77)**

As a prospective purchaser of a lot created by the subdivision of Lot 9001 you are advised:

**Shire of Harvey Requirements:**

1. The prospective purchaser/s is advised that reticulated sewerage is not available. Future dwellings will need to be connected to on site effluent disposal systems.
2. The prospective purchaser/s is advised of the provisions of the Shire of Harvey's District Planning Scheme – which relate to the use and management of the land, (Annexure 'B').

**Other Advice:**

3. The lots are subject to a Fire Management Plan endorsed by the Shire of Harvey and the Fire and Emergency Services Authority (FESA).
4. GST – The Seller's GST liability on the sale of the property has been calculated using the Margin Scheme. The buyer will not receive a tax invoice. (Annexure 'C')
5. The lots are subject to a Building Envelope Plan (Annexure 'D').
6. Fencing Plan (Annexure 'E').
7. A geotechnical investigation has been undertaken and is available for viewing for the convenience of the purchaser and does not form part of the contract. The accuracy of any information supplied is not warranted by the Seller and prospective purchasers must make their own investigations regarding the soil classification.

**Revegetation Plan**

8. Prospective purchasers are advised:

Revegetation Plan. Page 9 - # 8. Revegetation performance criteria and reporting.

The revegetation zones will be monitored and maintained for three years following installation to ensure progress towards the completion targets are met. The following completion targets are hoped to be achieved post initial planting:

- A 90% survival rate of the planted seedlings within the designated areas. Should this rate not be met, infill planting will be required to raise the surviving plant numbers above 90% of the initial planting density;
- In the specified revegetation zones the target is less than 20% weed cover, and for all declared and priority weed species to be 0%; and
- Stabilization of banks that have become eroded.

It is noted the revegetation area of Lot/s 50, 51, 52, 53 and 54, will end up in private ownership, the developer will have no control over revegetation after the three-year maintenance period has expired.

## HERITAGE HILLS STAGE 2a & 2b

September, 2019

### Annexure 'B'

#### Special Residential Area 13- Nunnagine Circle, Roelands

3.14.1 Despite the minimum lot size specified in Table 1, the Local Government may support a minimum average lot size of 4000sqm and an absolute minimum lot size of 2000sqm. The design has been guided by a Visual Impact Assessment to minimise the adverse impacts on the landscape values of the area.

3.14.2 Subdivision to be in accordance with an approved Structure Plan.

3.14.3 No further subdivision of the lots shown on the Structure Plan shall be permitted.

3.14.4 Prior to subdivision approval, the subdivider is to prepare an Urban Water Management Plan that reflects the endorsed Structure Plan to the satisfaction of the Local Government and the Department of Water. A condition of subdivision approval will require the plan to be implemented to the satisfaction of the Local Government and the Department of Water.

3.14.5 The subdivider will be required, as a condition of subdivision, to implement a Fire Management Plan as endorsed by the Department of Fire and Emergency Services.

3.14.6 A condition of subdivision approval will require a notification to be placed on title under section 70A of the Transfer of Land Act to notify purchasers of their rights and obligations under the Fire Management Plan endorsed by the Department of Fire and Emergency Services and Local Government.

3.14.7 A condition of subdivision approval will require a notification to be placed on title under Section 70A of the Transfer of Land Act to notify purchasers that the subject land is located adjacent to rural land and rural activity may have a nuisance effect on amenity.

3.14.8 A condition of subdivision approval will require a notification to be placed on title under section 70A of the Transfer of Land Act to notify purchasers that the subject land is located within proximity to a quarry on nearby Reserve 30354, and associated activities may have a nuisance effect on amenity including noise, vibration and heavy vehicle movements.

3.14.9 The subdivider is to submit, together with any subdivision application, a 'Sustainability Implementation Report', which details the targets and method of delivery in respect to 'sustainability outcomes' including -

- on-site power generation;
- on-site water capture and re-use;
- re-use of grey water; and
- correct housing orientation for passive heating and cooling.

A condition of subdivision may be imposed in order to achieve implementation of the agreed outcomes.

3.14.10 The Local Government will request that the WAPC impose a condition of subdivision requiring the preparation and implementation of a tree planting programme. Tree planting should be concentrated around the building envelope and the landscaping and revegetation plan shall have regard to Clause 5.2.7 of the Scheme.

3.14.11 In order to preserve the landscape values of the area, the design and construction of buildings should have regard to the following -

- Use of non reflective building, including roofing, materials only;
- Colours to be consistent with the vegetation and/or the predominant colours of individual building sites in their natural setting; and
- Minimal cut.

3.14.12 All buildings, structures and effluent disposal systems shall be contained within a Building Envelope as approved by the Local Government.

3.14.13 No trees or substantial vegetation shall be felled or removed from the site except where -

- It is inside the approved building envelope;
- It is required for road construction;
- It is required to establish a firebreak or driveway;
- trees are dead, diseased or dangerous.

3.14.14 Boundary fencing shall be post and four strand wire, or post and "ring-lock" or similar as approved by the Local Government. Solid fencing shall not be permitted on boundaries and only permitted in proximity to buildings where Local government determines that it will not adversely impact on the rural character or landscape value of the area.

3.14.15 A geotechnical report of the site under winter conditions shall be prepared by the subdivider and accompany an application for subdivision lodged with the Western Australian Planning Commission. The geotechnical report shall demonstrate that the site is capable of disposing wastewater to the satisfaction of the Local Government.

3.14.16 Landowners shall make appropriate arrangements for the provision of on-site effluent disposal systems to the specifications and satisfaction of the Local Government.

3.14.17 Notwithstanding the requirements of Clause 5.2.11 of the Scheme Text, Local government may permit the use of alternative building materials and the erection of 'pole style' dwellings where Local government is satisfied that the proposed building will be of a sufficiently high standard to complement and blend with the local character of the area.

3.14.18 Notwithstanding the provisions of the Zoning and Development table, the following setbacks shall apply to land within this Area -

- Front - 15 metres from front boundaries;
- Side - 5 metres from side boundaries; and
- Rear - 7 metres from rear boundaries.

3.14.19 No residential dwellings or sensitive land use shall be located inside a buffer to the nearby granite quarry as determined by scientific analysis to the satisfaction of the Environmental Protection Authority and the Department of Mines and Petroleum as depicted on the approved Structure Plan.

3.14.20 All lots shall be connected to a reticulated water supply provided by the Water Corporation.

3.14.21 The Local Government will request that the WAPC impose a condition of subdivision requiring the implementation of a vegetated buffer, in a form to be determined in consultation with the Department of Health, to protect Special Residential lots from agricultural activities.

3.14.22 The Local Government will request that the WAPC impose a condition of subdivision requiring a building envelope to be identified for proposed Lot 9, located outside of the quarry buffer.

## **SCHEDULE 3 - ADDITIONAL REQUIREMENTS – SPECIAL RESIDENTIAL ZONE**

Clause 5.2 applies and Planning Scheme No. 4

### **3.1 SPECIAL RESIDENTIAL ZONES**

Special Policy on the preservation of live trees.

#### **3.1.1 Standing Dead Trees**

Where there are dead trees on a lot they should be removed during the initial clearing operation to reduce the possibility of them damaging good quality live trees during a subsequent clearing operation.

#### **3.1.2 Standing Live Trees**

Standing live trees, including immature trees which are in good condition and capable of growing to a height in excess of 3m, should not be cleared from the lot except where they must be removed for boundary fire breaks, driveways or structures. No standing live tree should be removed from forward of the proposed building set back, i.e. between the house and the front property boundary, during the initial clearing operation, unless with specific Local government approval in writing. It is intended that the maximum quantity of standing trees be retained forward of the proposed buildings, at all stages of development, to maintain aesthetic quality within the subdivision.

Removal of standing live trees will only be permitted by the Local government where a landowner can demonstrate that alternative planting of sufficient height will act as a visual screen to any development located behind it.

Landowners may remove trees at the rear of the proposed residence within the building envelope to provide lawns, entertainment areas, vehicle parking etc. but they are required to retain a belt of native vegetation around the extremities of the property. Local government approval shall have been deemed to have been granted for trees which must be removed for house construction provided that a building licence is obtained prior to clearing operations being undertaken and for boundary fencing or firebreaks required under the Bush Fires Act.

#### **3.1.3 Installation of Firebreaks**

At the property boundary, landowners shall endeavour to meander the firebreaks around existing live trees and at all times endeavour to avoid the creation of straight visual lines through the subdivision.

#### **3.1.4 Access Driveways**

When constructing access driveways into a lot, every effort shall be made to meander the driveway amongst existing live trees. As an alternative, provided an excessive amount of live trees are not disturbed, the driveway may be positioned adjacent to a property boundary where it can perform the dual function of providing vehicular access and creating a boundary fire break.

#### **3.1.5 Fire Protection**

Landowners are encouraged to carry out systematic burning of combustible material on their property to keep quantities of such material at ground level to a minimum. Alternatively such combustible material should be removed by mechanical means provided no live trees are damaged in the process.

3.1.6 Poorly Vegetated Lots

Where a lot is void, or substantially void of live trees or vegetation, forward of the proposed building site, whatever vegetation exists should be preserved until such time as alternative planted vegetation is sufficiently established to act as a visual screen between the house and the public road providing access to the site.

3.1.7 Clearing of Land

No clearing taking place outside the adopted building envelopes, other than for:

- (i) Removal of dead or dangerous trees, with Local government's approval.
- (ii) Provision of access to building sites, with Local government's approval.
- (iii) Provision of firebreaks as required by Local government, but taking into account the need to protect significant stands of trees.

3.2 AREA 1 – LESCHENAULT PARKLANDS AND RIVERLANDS ESTATES, LESCHENAULT

- 3.2.1 Further subdivision of existing lots will not be recommended to the Western Australian Planning Commission by the Local government.
- 3.2.2 No vehicular access shall be permitted onto the Old Coast Road from the Scheme area unless from gazetted Road Reserves approved by the Main Roads Department.
- 3.2.3 No dwelling house with a floor area of less than 108m<sup>2</sup> shall be permitted within the Scheme area.
- 3.2.4 All dwelling houses constructed within the Scheme area shall, prior to occupation, be connected to either a functioning water bore or a 90,000 litre water storage tank.
- 3.2.5 In addition to the uses specified in the zoning and development table, the Local government may approve on Lot 54 Australind Road, a shop to serve local requirements and that shop may, as ancillary to its main use, supply liquor and petrol.

3.3. AREA 2 – WARRAWARUP

- 3.3.1 Where stables are permitted on lots the exterior of the stable shall be brick for a minimum height of 2m and the remainder of the exterior shall be brick, masonry, factory coloured metal surface or other material approved by Local government.
- 3.3.2 Land Use Controls:-

None additional to the Zoning and Development Table and Clause 5.3.
- 3.3.3 A right of way for the purposes of horse access to the adjoining trotting track has been provided at the rear of each lot and each lot owner will be responsible for the cost of the periodic maintenance of the right of way.
- 3.3.4 The Local government will recommend to the WA Planning Commission the following subdivision criteria:
  - Minimum lot size shall be 2,400m<sup>2</sup>;
  - Minimum effective frontage shall be 20m; and
  - Minimum side setbacks shall be 1.0m one side and 1.5m other side per storey.
- 3.3.5 Notwithstanding the provisions of Clauses 5.2.12 and 5.2.13, alternative fencing materials along property boundaries may be approved provided that, in the opinion of Local government, such materials do not detract from the amenity of the area or adjoining residences.
